High Performance Powered Metal Mixtures for Shaped Charge Liners
Attorney Docket No.: 1301-1125

Dear Sir:

Enclosed for filing please find the following items relating to the above-identified application:

- (1) Request for Corrected Filing Receipt (2 pages);
- (2) Corrected Filing Receipt (2 pages); and
- (3) Copy of Petition Under 37 C.F.R. §1.136(a) for Application No. 09/499,174 (2 pages).

If you have any questions or comments concerning this matter, please call the undersigned at your earliest convenience. Otherwise, please accept the enclosed.

Sincerely,

 Lawrence R. Youst

Attorney Docket No.: 1301-1125

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In Re Application: Daniel J. Leidel et al.

Serial No.: 10/080,785

Filed: February 22, 2002

Art Unit: 1742

Examiner: Unassigned

For: High Performance Powdered Metal Mixtures for
Shaped Charge LinersOffice of Initial Patent Examiner's Customer Service Center
Commissioner of Patents
Washington, D.C. 20231REQUEST FOR CORRECTED FILING RECEIPT

Dear Sir:

Applicant hereby requests correction of the filing receipt for the above-referenced application. The filing receipt indicates the following:

THIS APPLICATION IS A CON OF 09/499,174 02/07/2000*
(*) Data inconsistent with PTO records.

Please correct the filing receipt, a corrected copy enclosed herewith, to read as follows:

THIS APPLICATION IS A CON OF 09/499,174 02/07/2000.

Applicant believes that the data is inconsistent with PTO records because an extension of time is necessary to establish

continuity between the prior filed application, Application No. 09/499,174, and the above-referenced continuation application. Accordingly, a true copy of the request, timely filed in Application No. 09/499,174, for a three month extension of time pursuant to 37 C.F.R. §1.136(a) is enclosed herewith. The extension of time extends the pendency of Application No. 09/499,174 to April 9, 2002.

Therefore, the above-referenced application and Application No. 09/499,174 are copending. Accordingly, Applicant requests the filing receipt of the above-referenced application be appropriately corrected.

If the Examiner is of the opinion that a telephone conference would expedite this matter, please call the undersigned.

Dated this 27th day March, 2002.

Respectfully submitted,

Lawrence R. Youst

Date Mailed: 03/13/2002

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

Foreign Applications

If Required, Foreign Filing License Granted 03/13/2002

Projected Publication Date: 06/20/2002

Non-Publication Request: No

Early Publication Request: No

Title

High performance powdered metal mixtures for shaped charge liners

Preliminary Class

075

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
